

Grace Dear Trust: Charity Concert - Saturday 22nd June

"The Grace Dear Trust is a mental health charity, set up after losing our daughter and sister, Grace, to suicide aged just 27 in February 2017. Our aim is to help save the lives of other young people suffering with mental health issues. Grace had been suffering with depression and anxiety from the age of 13, but hadn't felt she could reach out to anyone to help her."

"We want to raise awareness amongst children, giving support to those who need it and preventing others from suffering so long in silence. We do this by funding schools to provide counselling for young people with the help they promptly need in an environment that isn't intimidating." Rhys Dear.

VIVA Forever festival is back with a bang for its second year on the 22nd June at Esher Rugby Club. 100% of profits from the ticket sales will be spent funding local schools. There will be 6 bands, children's inflatables and food vans to make sure there is something for everyone. Get your tickets now for a fantastic day and an unmissable opportunity to raise awareness for a cause that affects so many loved ones. Visit www.thegracedeartrust.co.uk for tickets and more information.
